

SCHOOL TOUR INFORMATION & RATES

The length and focus of all tours can be changed to accommodate your class needs.

Museum Tour:

Approximately 1 ½ hours long, our guided museum tour offers an engaging glimpse into Cumberland's unique history. The first phase of this tour focuses on exhibits that interpret various aspects of the community including emergency services, hospitals and health, schools, ethnic communities, and local businesses. The second phase focuses on coal mining and other local industries, and includes a walk through our famed replica coal mine!

TEACHING KITS INFORMATION & RATES

Cumberland Chinatown Teaching Kit:

Welcome to the Cumberland Museum and Archives 'Cumberland Chinatown' Teaching Kit. This hands-on kit is relevant for grades 3 through 7.

Although little remains of Cumberland's Chinatown, it was once a thriving and bustling community for Asian-Canadian miners. Chinatown contained many one or two room wooden shacks, each with a tiny vegetable garden. There were also many boarding houses. At its peak there were more than eighty businesses including grocery stores, restaurants, drugstores, two 400 seat theatres, a temple and eighteen gambling houses.

Explore the history of Cumberland's Chinatown with hands-on artifacts, photographs, maps, stories, and lessons. Our hope is that students will come away with an understanding of the challenges for the Chinese community in Cumberland's early years, the celebrations and traditions, and the significant impact of the community within Cumberland.
